Workshop in Methods

Introduction to Human Subjects and KC IRB at IU

Sara Benken
Associate Director, IU Human Subjects Office

This workshop will provide an overview of IU’s Human Subjects Office and submitting applications through the KC IRB system. Specifically, KC IRB has been enhanced with ‘smart form’ functionality - called the Questionnaire. Many IU IRB forms have been replaced with an electronic questionnaire. This training will review what forms have been replaced, the information which will now be captured electronically, and the logic behind the programming. Beginning and seasoned KC IRB users who submit or plan to submit exempt, expedited or full Board studies, both new studies and post-approval submissions, i.e. amendments and renewals, should consider attending.
